

THA INDIVIDUAL MEMEBRSHIP

Level of membership and benefits

The **Individual membership** of THA offers many and varied benefits, and includes:

- **Recognition.** Members receive a membership certificate and become part of the THA research community.
- **Visibility.** Members are displayed in Members Gallery and can advertise innovation-related events, training programs, projects, job vacancies, news on both THA web site, newsletter and during THA events.
- **Networking.** THA, through its Thematic Research Groups, supports members in identifying peer reviewers and partners for innovation-related publications; education, research and mobility projects; and international initiatives.
- **Job and other opportunities.** THA offer a showcase of projects, call for papers and contributions, job search, events and other opportunities in innovation-related fields offered by Universities, Research centers, Governments and private companies worldwide.
- **Access to leading research findings.** Full access to THA scientific publications (Helice, Triple Helix Journal, Working papers) and Resources.
- **Contribution to international scientific publications.** Frequent calls for chapters or papers in the THA research domains for publication in books or scientific journals.
- **Specialized events and training.** Members can join at special prices or for free THA planned conferences, workshops and webinars, and can propose the co-design and delivery of new titles.
- **TH annual Conference.** Members can get special discounts on the TH Annual Conference.

Typology of THA members

The Triple Helix Association is open to **individual members being them** *researchers, professors, practitioners and civil servants* involved in the Triple Helix interaction debate.

THA members, being part of a leading international research community, enjoy access and contribution to cutting-edge research findings and insights, expertise and specialized networks, and educational opportunities and resources related to innovation and entrepreneurship and more in general to Triple Helix interactions.

Level of Individual Membership

THA has 3 different levels of Individual membership, depending whether you are a young researcher, or an active researcher/professor/practitioner/civil servant, or a retired one.

The benefits attached to the different level of individual membership are the same although the price is slightly different to facilitate the participation of young professionals and retired ones.
