Letter of merit from Nobel Laureate Prof. Rita Levi Montalcini (October 2011);
Educators' Honour Roll, University of Ottawa – TELFER School of Management (October 2013);
Patron Science Award – TRIUMF Vancouver (October 2014).

EDUCATION AND TRAINING

Degree in Natural Sciences, University Federico II of Naples. Title of the thesis: "Hygienic problems applied to food packaging systems".

Visiting Professor: Bulgaria Academy of Science – March 2016; McGill University – October 2015

Internship at the University of California 2006 on International Technology Transfer.

SELECTED PUBLICATIONS

E. Fiore, M. Pandolfi Co-editor " Best Practices from Cooperation Between the Sapienza University of Rome, Canadian and American Universities" edito da Springer ottobre 2015;

E. Fiore "Report: Spin-offs and Start-ups in Canada and Italy" – Embassy of Italy in Canada (2012)

E. Fiore "Report: The federal agencies that fund research in Canada" – Embassy of Italy in Canada (2011)

E. Fiore, L. Affatato "Technology Transfer – An International Open System Model" – Edizioni Scientifiche Italiane - ESI, 2009

E. Fiore, Article on "Fifth Framework Programme", published on *Il Denaro*.

E. Fiore, Report on "Food quality control", presented during the biennial of the Arts and Sciences of the Mediterranean.

C. Silvestre, S. Cimmino, E. Di Pace, E. Fiore, E. Martuscelli, Buzarovska, S. Koseva "Cristallization process of Polyethylene Oxide and Isotactic Polipropilene blended with Poly (Dicloexiliconate)".

C. Silvestre, S. Cimmino, E. Fiore, "Polypropylene/Poly (dicyclohexylitaconate) blends", Journal of Polymer Science, Polymer physics 1996.

E. Fiore, CD – ROM on "Italian – Australian Technological Innovations Conference", - Melbourne 25 – 28 March 2002, Australia.

E. Fiore, "INCOPOL – International Cooperation (INCO)", DG XII – European Commission.

Idea to share for the THA board

Conscious of the great potential of the triple-helix model created in recent years, my candidacy wants to have as an ambition a broader vision of the Model of THA with the model "Network of Network" to be presented to the European and World clusters on the technology transfer.
